"Lives of great men all remind us we can make our lives sublime;
 And, departing, leave behind us footprints on the sands of time."

Dashing, dancing, shuffling, tip-toeing, trudging . . .

We Leave Our Footprints Behind Us In 1964

"It's not what your country can do for you, but what you can do for your country." At Malden High School, we have begun to contribute to our country, to our city, to our school, and we hope that the footprints we have made will be memorable. In numerous ways, we make our footprints: striding across the stage on "the big night"; dashing to our seats at the 11:32 bell; trudging to church on a stormy Sunday morning; sauntering through the corridors in that short three minutes between classes. The value of our footprints will depend upon how carefully we form them.

This year, in shaping our footprints, we have been guided by the image of President John Fitzgerald Kennedy. We recognize in him, the favorite of all American youth, an ideal toward which to strive. Undaunted by severe physical pain, President Kennedy radiated confidence in himself and in his country. He proved the value of a top-notch education in one's quest for success. He served his country, his family, and his people. John F. Kennedy lived for his country and he died for his country. He instilled in United States citizens a unique sense of patriotism and faith in America. To the youth of America, he was a symbol of hope, of strength, of understanding. Today, "the future of the world depends upon the youth of America"; it depends upon OUR footprints.

To Our "Littlest Angel"

MRS. MARY D. CARNEY

.... We Dedicate Our Book

To Our "Littlest Angel":

Who has worked so diligently to make each dance, each banquet, each prom a smashing success.

Whose vibrant works of art have livened up each class function and made it a memory.

Who loves The Four Seasons, Japanese art, figure skating and coffee jello.

Who proudly shows snapshots of Mary and Martin, her darling grandchildren.

Who for sixteen years has made each class at M.H.S. better by her vivacious personality and myriad of artistic ideas.

To you Mrs. Mary D. Carney, who has given so much time and energy to us, we dedicate our book, the 1964 Maldonian.

to J.F.K.

We have left our footprints, heavy or light, that record another year of history at Malden High, where each day has been a new experience, an investment in the future. It has been a time of many decisions — many maturing experiences; but like the footprints of our great leader, the late President John F. Kennedy, we hope that our own footprints have developed in the image of his. When he died, a little bit of us died, too. He symbolized scholarship, service and achievement — all characteristics necessary in helping us prepare for adult life. At first it took only one glimpse of his ready smile, one cheery "Hello" on television, to convince us that here was a trusted "friend" — a friend especially to the young people. Then, we began to realize the wisdom and dignity of our great leader. Just as President Kennedy is a symbol, so too, may we, not yet wise but trying to obtain wisdom through perseverance and scholarship, be a symbol of M.H.S.

High Goals

In 1964, our footprints have taken many shapes: the hopeful studying to achieve scholastic honors; the precision marching at the largest band in MHS history; the tireless working of our prize winning publication staff; the nervous striding across the stage to accept recognition for Operation Kefauver; the tedious collecting of funds for national charities; the careful training of our teams to bring honor to our school -- from the Tech Trolley to rifle team off.

These were some of our footprints -- footprints which will lead us to adulthood -- footprints which will help make our future a success -- footprints of ability in our "four dimensions of life", character, service, leadership and scholarship. Throughout the halls of Welton High will prove the footprint of potential leaders of a community state and the world... our footprints.

School Committee Opens Chester W. Holmes School

THE SCHOOL COMMITTEE MEMBERS are shown Mrs. Bertha Gordon and Mrs. Marguerite S. Holland, chairman. Mr. George Lodgen, Mr. James Mini, Mr. William Mini, Mr. George E. Lodgen, a Boston lawyer has been on the board for twelve years. Mrs. Bertha Gordon, a Malden lawyer has served the board since 1960. Mrs. Marguerite S. Holland, a member since 1960 is a housewife in Malden. Mr. William Mini, an Industrial Arts teacher in Belmont has been on the board since 1961. Mr. James Mini, an insurance broker, is Mr. Leonard Malden this year.

On the last Tuesday of each month at 8 00 P. M. the school board, comprised of Mrs. Marguerite S. Holland, chairman, Mrs. Bertha L. Gordon, Mr. William Mini, Mr. George E. Lodgen and the newly elected Mr. James Conway, meet for their regular meetings to discuss plans for the betterment of our school system.

This year they have accomplished such improvements as the increase of teachers' salaries for the second consecutive year, the opening of kindergartens in all public elementary schools, the completion of the Holmes School, named for our late Superintendent of Schools, Chester A. Holmes, and the addition to the Glenwood School. Academically, the school board has innovated the use of a language lab in Lincoln Junior High, as well as the introduction of French and algebra to advanced junior high school pupils. So successful has this proved that the school board hopes to make these courses available to more pupils next year and also to install language labs in the Browne and Beebe schools soon, and eventually in the high school.

Another person who not only aids our school system, but attends all school functions and is a loyal supporter of all Malden's teams is Superintendent of Schools Mr. Paul H. Phaneuf, a graduate of Holy Cross College and the University of New Hampshire. Among his many duties, he must visit the various schools, advise teachers, meet with the principals to discuss various school regulations, and act as an ex officio member of the school committee. Formerly Superintendent of the Dracut Schools, Mr. Phaneuf came to Malden in 1962.

"GOOD MORNING! MALDEN SCHOOL DEPARTMENT!" is the cheery reply of Mrs. Helen Hanifan who operates the newly installed switchboard which accepts call for all the schools in the city.

Mr. Webster Guides the Students' Footprints Through

HEADMASTER F. CHAMPLIN WEBSTER, JR.

Mr. F. Champlin Webster, Jr. our respected headmaster, has guided our high school most capably these past three years. Last year Malden High received an excellent evaluation from the visiting committee of educators who came to survey the school. His interest, patience, and understanding are some of the fine qualities that have made him a favorite among teachers and students for the thirty years he has been on the faculty, first as Latin teacher, later as head of the Latin Department, then as Faculty Manager of Athletics, and now as headmaster. We salute you, Mr. Webster, for the excellent work you are doing.

GOOD BREEDING — Do you have it?

Noah Webster defines Etiquette as the system of conventional forms required by good breeding. In this day of material wealth, the tendency of too many of us, both parents and children, is to neglect the social graces which oil the machinery of living and working together. The philosophy of the American today seems to be that of the enchantress Medea who said, (after she murdered her brother) "I see and approve the better things, yet follow the worse" "Video meliora proboque, deteriora sequor." The social graces were recognized by the ancient Chinese and Japanese. At one period in China, there were 3,000 rules of conduct to be learned and obeyed. In ancient Japan, a man could be put to death for RUDENESS. A rudeness was defined as a "not-to-be-expected thing."

When I was a young man, a student at Malden High School, my grandmother Webster advised her grandchildren, "If you can't say something good about someone, say nothing." Her advice bespoke her good manners and I am sure that we could all be happier people if we followed her advice.

In 1785 Robert Burns in his poem "To a Louse" urged us to indulge in introspection when he said:

"O would some Power the gift give us
To see ourselves as others see us."

Today we hear astringent remarks about the "Ugly American" as he travels all over the world. "Ugly" refers to our ineptitude and bad manners. Seeing ourselves as others see us is painful, but beneficial.

As Americans, we cannot afford to lose prestige in our social relationships whether we are in high school, in college or in the work-a-day world. Manners, good or bad, represent attitudes. Bad manners always bear a cost tag. Consider what it costs in time and money to attempt to keep the school grounds neat and clean. I ask, "Were you proud of your back yard, your front lawn, or Malden Square the last time you looked at them?" Being neat is a part of good manners.

At its root, courtesy is no more than behavior motivated by concern for the rights, wishes, and feelings of others. The "Ugly American" needs more than anything else to learn courtesy. Applied to driving, courtesy would not only stop littering the highways, but would eliminate all heedless actions resulting in so much death and destruction on our highways.

Fortunately for us the "Ugly American" is still in the minority. We are not yet a country of "beat-nicks." The American gentleman will survive all attempts to remove him from the scene. Our late President John F. Kennedy and his lovely wife created two beautiful images for Americans, both old and young: he the image of a gentleman, she the image of a gentlewoman.

When you are graduated from Malden High School, remember that you carry with you the reputation of a school whose headmasters have been proud of the young ladies and young gentlemen in each graduating class since 1857.

WELCOME BACK! After an emergency landing in Detroit Mr. Webster arrived home safely from the Chicago convention of secondary school principals in February.

MISS MABEL McQUESTEN, Mr. Webster's chief clerk, takes a letter from Mr. Webster. A favorite in the office, Miss McQuesten types letters, handles the publishing of the daily bulletins, and is a helpful friend to all.

Our Counselors Guide

Madison High School has five capable executives who spend many hours coordinating and supervising the school activities.

Mr. Clarke R. Brookes, Mr. Arthur P. Boyle, and Mr. Robert W. Perry are respectively sophomore, junior, and senior class Masters. Each one not only handles the disciplining students, but has other activities as well. Mr. Brookes sets up the School Council and handles all activities in the Jackass such as the hearing tests. Mr. Boyle is in charge of all the work in the business Mr. Perry, who is head of the School Department is principal director, and handles all the Jackass activities.

Mr. Abraham J. Oxman, Faculty Manager of Athletics handles the purchase of athletic equipment and schedules of athletic events for both boys' and girls sports as well as the sale of box lunches, milk and candy.

The only woman of the five workers, Miss Edna E. Turkington, who is Dean of Girls, takes care of girls attendance, and is head of the History Department.

All these executives are known to every student for the help and advice they give to M.H.S.

OUR THREE CLASS MASTERS, Mr. Robert W. Perry, Mr. Clarke R. Brookes, and Mr. Arthur P. Boyle as senior, sophomore, and junior class masters respectively, help MHS to function properly and efficiently

OUR FACULTY MANAGER OF ATHLETICS, Mr. Abraham J. Oxman is well known for he also runs the Canteen in 109. His capable student secretary is Lorna Coupe.

OUR DEAN OF GIRLS, Miss Edna E. Turkington, has many responsibilities. She is in charge of the girls' attendance and is head of the History Department

Our Future Footsteps

The Guidance Department helps us plan our futures in various ways. This year, it welcomed Miss Katherine Schomer, who taught in the Home and Family Life Department at Randolph High is now the sophomore counselor. Mr. Drey, who normally finds jobs for commercial and general course students helped many college prep students to find summer jobs at New Hampshire resorts. New is the position of School Psychologist given to Mr. Royte, who has been certified by the state. He is in charge of all testing, does counseling, and helps to improve the teaching programs. Mr. T. Franklin Grady, head of the department, handles almost any student problem, often private conferences with parents. This year, for the first time in the history of the school, the Guidance Department administered College Boards here. This proved very successful, for students who normally had to travel to different cities to take these examinations, took them at M.H.S. in well-lit classrooms. To help parents understand college admissions and post graduate work, the department held a College Guidance Night for the second time. After they were shown a film on admissions, they broke up into discussion groups to learn about post graduation work and schooling. Helping us to solve our problems, the Guidance Department invites all students to visit its counselors.

RECORDINGS OF JULIUS CAESAR help Miss Heath's sophomore English class understand and enjoy Shakespeare. The visual aids of M.H.S. are a great help to all the departments.

The school library is truly an indispensable part of Malden High School. Besides the wide variety of books to read for pleasure, it contains an excellent assortment of reference material. New this year are the Encyclopedia International, the Unabridged Funk and Wagnalls New Standard Dictionary and the National Geographic Atlas of the World. The library opens at 7:45 and closes at 3:00 every day except Friday, when it closes at 2:30. It is frequented by those honor roll students, who have permanent library slips, and by those who obtain library slips from Miss Thorpe before school or during lunch time for any free period. Enlarged by a approximately fifty new and exciting books each year, the library continues to be kept up to date with the newest available material. For those who are interested in the activities of the world, the library subscribes to five daily newspapers, including the New York Times and our own Malden News, and fifty four leading magazines. Books can be kept for two weeks at the end of which time they must be returned or renewed. A fine of 10¢ is charged for each day overdue.

Miss Thorpe is greatly aided by the work of the thirty-seven efficient library assistants, headed this year by Leona Littleman. These helpful people check attendance, arrange magazines, assist students and do many other jobs about the library.

IT'S A GREAT PLACE TO STUDY! Students in all courses use the library frequently. Library slips can be obtained from Miss Thorpe before school, during lunch or after school.

The Language Department is always expanding and this year has welcomed two new teachers, Miss Marion Flagg and Mr. Abraham Stein. Although Miss Flagg retired February 28, 1964, she was replaced by Mrs. Judith Helman, University of Chicago, B.A.; Harvard, M.A. Having proved successful last year with the general French classes, the Audio-Lingual Materials are being used again. New French texts for advanced classes include *Advanced French* by O'Brien, Lafrance and Brachfield, and paperbacks *Pierre Et Jean* by Maupassant, and *Le Pere Goriot* by Balzac. All first year German classes are using a new book *Deutsch-Erste Buch* by Mueller, supplemented by tapes. Both German and French teachers are aided by a new typewriter with accent and umlaut marks. The Latin Department has initiated a series of lectures on the importance of Latin, given by members of the department and visiting lecturers. More emphasis has been placed on the study of both the lingual and literary phases of languages.

One of the newest subjects of the History Department is World Problems. Taught by Mrs. Jane Willis this course for seniors, deals with the ideologies of the world. Modern World History is now open to college juniors, as well as general students. In the Gay Auditorium, Miss Turkington gave a talk on the history of Malden. For another project Mr. Wettergreen's U.S. History students wrote to many important citizens to ask what books have influenced them, and which ones they would recommend for students. These busy people took time to write most complete, interesting answers. Four new teachers have joined the department; Mrs. Alice Hyde, whose sister teaches at Beebe Junior High in N.H.; Miss Susan J. Levine, from Brandeis; Mrs. Arlene Walter, who has been a research assistant at Harvard, and Mr. Thomas O'Donnell from Point Loma High School, San Diego, California.

Malden High is proud to claim an excellent Science Department headed by Mr. Robert W. Perry. Three new teachers have joined this year: Miss Adele F. Rustino from Beebe Junior High, Mr. John F. McGuire from Medford, and Mr. George J. Desnoyers, a graduate of Boston College. These new teachers are a welcome addition to the unusually fine staff which includes Mr. John L. Carroll, Mr. Robert P. Cunningham, Mr. Howard Milke, Mr. Reginald V. T. Steeves, Mrs. Henrietta Torrence, and Mr. Kenneth A. Trites. The Science Department is gradually expanding, and this year added a new subject, Earth Science. Next year, they plan to use another room, 304, for Biology. Each year, the National Education Defense Act grants them a large sum of money to purchase equipment, such as the new scales in the Physics Lab. With the stress on the study of Science today, Malden High is up front in this field.

This year several new methods of teaching mathematics were introduced at M.H.S. One sophomore geometry class is using a new book put out by the Encyclopedia Britannica Press entitled *Plane Geometry-Temac* which allows the student to progress at his own speed and to take tests when he feels he is ready for them. Some are even able to begin Algebra II. Some sophomore commercial and general classes are studying a more practical *Applied Business Arithmetic* instead of General Mathematics which was previously offered. Two Algebra II classes are using a new modern text called *Algebra-Modern Edition*. This course makes use of a new mathematical language based upon certain solution sets, while learning the reasons why certain operations are used. One new teacher, Mr. Roger Doherty, was added to the Mathematics Department this year. He taught at Sharon High School before coming here.

The Commercial Department, under the guidance of Mrs. Eunice Moore, has purchased many new pieces of equipment this year. An overhead projector is enabling bookkeeping students to better understand their debits and credits. New Olympic typewriters were purchased for the typing classes to replace some older models. The Office Practice room acquired two Grey Autograph transcribers and IBM Electric typewriters; some Underwood-Olivette printing calculators have been loaned to the classes. Mr. Oxman's Commercial Law classes were privileged to hear "S" period lectures for one week, given by lawyers from the First Eastern Middlesex Bar Association. On February 11, six typing students entered for the first time a contest sponsored by Aquinas Secretarial School in Newton. Out of these, two won first prize in their respective classes, one received second; and one third. From this fine training, the commercial graduate students are well prepared to meet the requirements of the business world.

Behind the scenes of MHS are the secretaries without whom the school could not function properly.

Mrs. Helen S. Hills in addition to her teaching duties maintains the ethical school records of the academic programs and grades of all pupils. She supplies the care and accuracy which is essential to guarantee that every pupil is given full credit for all work accomplished in the school. Mrs. Hills also does the groundwork needed to organize the school program and the graduation plans each year and she prepares individual programs for all transfer students.

Mrs. Frances Jones can be found busier than ever checking and photocopying the master transcripts for the ever-increasing number of students seeking admission to college. In addition to this important work, she finds time to graciously deliver phone messages, take datation, and handle other general office routine.

The Industrial Arts Department offers a variety of courses for General Course students. The boys may take Woodworking, Mechanical Drawing, and Printing. Mr. Francis Martin, from Browne, succeeded Mr. Carl Taylor as head of the department, and Mr. Richard Brown, who taught at Dole Intermediate School in Honolulu, succeeded Mr. Ralph Merry, who retired in October. Woodworking and Mechanical Drawing are three year courses, while the Printing course requires only two years. In these classes, boys not only learn to handle equipment, but often put this knowledge to use by printing for school activities and building for school affairs. This year, college prep boys may take graphics, which will aid them in college geometry. The girls may take Cooking and Sewing for three years.

The M.H.S. art room is the scene of many artistic activities. Two periods each day students learn to work with various media such as sculpture and silk screening. They also work on decorating for various the School Projects. They also illustrate and sketch publications. On February 1st at the Second Annual Art Exhibition visitors watched the students at work and enjoyed their many works on display. Next year, one period course will be offered to college prep students.

This year the Music and Art Departments decided to bring seniors a Fine Arts Course in which the history and basics of Art were taught. Mrs. Carney and Mr. Nunzio Lucy each took one term for Art, and Dr. Herbert Silverman taught two terms of music.

General and Commercial Course students are eligible to take Health. For the first half of the year they study physiology, and during the second half they explore mental health. Panel discussions are held on teenage problems and on getting along with people. Each year a representative from Harvard School of Public Health visits us and speaks to the students taking Health. Representing us as one of the finest public school health departments in Massachusetts Mrs. Parker's and Mr. Boyle's classes appeared on W.B.Z. The Malden High Health Department has a double purpose: health instruction, and health service. Miss Grace L. Crowe, R.N., our well-known nurse is in charge of health service. Vision and hearing screening is done on all the students and Miss Crowe assists parents in obtaining the needed corrective care. Cumulative health records which are kept up to date, may be found on file in her office.

Malden High School's Physical Education Course has been designed to help our students become physically fit. The girls not only play basketball and volleyball, but also square-dance and do slimming exercises. And those who do not stay trim from these vigorous activities-beware! Twice during the school year the girls are weighed by their instructors. The boys' program is slightly more rigorous. They exercise much more, and naturally do not do any square-dancing. Both boys and girls have two periods of gym a week, with a study for the other three days. The only students who are excused are those on the Maldonian, or Blue and Gold Staffs, Band or Orchestra, or one with a doctor's note. Each student has his own gym outfit, and should he forget it one morning, he can be found the following "S" period working out in the gym. Besides the actual sports, games, and square-dancing, gym students learn the co-ordination and sportsmanship which are necessary in associating with others in athletics

Students who take this Driver Education course may learn to drive either an automatic or a standard shift automobile. Thirty hours of classroom study with discussions and diagrams and six hours of actual driving are required for one to receive his driver's license. The students take the course after school until 4:00 two days during the school week. This year, for the first time, because of the new Massachusetts state law, students must obtain a learner's permit in order to take such a driving course. The Driver Education course may be taken for \$30 and when the course is completed, the student receives a reduced rate of insurance.

Under the careful eye of Mr. Roy Finn, Malden High School is kept clean by seven custodians and three matrons. Each member of the staff is assigned to one or two floors, and keeps that section in order. Mr. David Finn has the first and second floors of the old building. Mr. Edward Galvin, the third and fourth floors of the old building, and the basement of the new. Mr. Michael Curley, the first floor of the new building, and Mr. Edward Fitzgerald, the third floor of the new building. Mr. Ben Greenlay has the third floor of the old building, Mr. Jim Locke, the second floor of the new, and Mr. Leslie Regan is in charge of Voke. Mrs. Helen Bogan, Mrs. Mary Spencer, and Mrs. Margaret McGuire each cleans alternately different parts of the remainder of the building. Always ready to lend a hand to any student, Malden High's matrons and custodians are well known to all for the excellent work they do.

TWO OF OUR MATRONS Mrs. Mary Spencer and Mrs. Helen Bogan relax after a hard day's work. Their co-worker, Mrs. Margaret McGuire, is probably the busiest, since she is the Superintendent's office.

The Malden Vocational High School exists for the purpose of fulfilling the educational needs at the secondary level, of boys whose aptitudes, abilities, and interests are centered in the mechanical areas. The three-year Vocational program is divided into alternate shop weeks and related-academic weeks. These include four departments, Automotive, Electrical, Machine and Sheet Metal. The goals of these departments are to teach the fundamentals and the more advanced stages of their trade, such as

Automotive: Here the boys are taught the theory and application of automotive repairing. This includes engine rebuilding, automatic transmission, ignition systems, carburation, brakes, etc.

Electrical: The goal of this department is to prepare young people to eventually earn their state license as electricians. The first year the boys are taught all the wiring methods on mock-up boards and bench work. In their junior and senior years, all their training is with real production jobs, such as, relighting class rooms, installing new services in homes, industrial wiring for City of Malden departments, as well as the complete electrical maintenance of the entire vocational school.

Machine: The first year, the boys are taught how to operate a lathe, milling machine, and grinder in order to make such tools as center punches, screw drivers and chisels. In their second and third years the work

MAKING A C-CLAMP BODY PIECE on a sensitive drill press. Robert Meuse of the Machine Shop is instructed by Mr. Schmat in the proper use of machines.

Voke; Mr. James Booth Goes to Lawrence

is of a more advanced nature in the making of special tools and machine parts, punch and die work and to learn the use of more advanced machines such as planer or shaper.

Sheet Metal: In the first year, the boys are taught the theory and application of their trade. In their junior and senior years they apply the knowledge to a more advanced stage, such as the designing and fabricating of duct work for heating and ventilation cabinet work, wrought iron projects, and ornamental metal projects.

In the academic area of the curriculum, the boys meet the State Department's requirements for English and History so that they may qualify and earn their high school diploma. Their English studies are geared to train them in the medium of communication, especially, as it pertains to their respective trades and the industrial world as a whole.

In the History area of their work, they are taught historical facts pertaining to our national and world histories, as well as the impact that history has had on our industries.

The objective of the vocational program as a whole is to prepare young people by specialized training to gain profitable employment in their chosen fields. Job placement for the Malden Vocational School graduates is not difficult since they are in great demand by industry and commerce.

Our Able Advisers Guide

Our advisers are that special group of people who give so much of their time, but receive so little thanks. As head adviser, you, Miss Audrey Rain, have spared nothing to make every class function an enormous success. Devoting many hours of time and hard work, you are truly responsible for the fine reputation which our class has earned. In addition to your many responsibilities as head adviser, you worked untiringly to make Junior Varieties and the Senior Banquet long remembered events. To Mr. John Carney, we express our deepest gratitude for balancing the books these three years. Mrs. Carney, how can we ever forget your beautiful work? The imaginative designs and brilliant colors of your decorations transformed the gym into a fantasyland, different for each event.

Miss Thorpe, we would like to express to you our appreciation for advising "The Many Loves of Dobie Gillis." Furthermore, no other person was better suited to help with the class history than you, our able librarian. Mr. Guarino, teaching students to co-ordinate their actions behind the wheel of a car helped you to co-ordinate the props for the Senior Play. Thanks also for advising "Countdown to Victory" which ushered in the 1963 social season. Mr. Baran, you entered our school only last year and immediately began work for the Class of '64 by making student patrons of Manhattan Melody. In our "Memories" lingers the music of that farewell dance. Mr. Milke, you must have used a magic physics formula: able teacher's guidance plus willing student workers equal instant success for your committees. The casts of Junior Varieties and the Senior Play will long remember your work in securing business patrons. Mrs. Carrigan, your refreshments for "Dutch Delight" provided a welcome pause. Your warm hospitality was shown not only at "Roman Holiday," but also at "The Many Loves of Dobie Gillis" where the usherettes and candy girls were so charming. Mr. Evans, that you are a true gourmet was proved by your refreshments for "Seismic Turbulence," "Memories," and "Countdown to Victory." Miss Nicholas, eye-catching signs and humorous slogans became routine work for you as publicity director of "Manhattan Melody," "Countdown to Victory," "The Many Loves of Dobie Gillis," and "Roman Holiday." Mr. Melanson, we shall always remember your untiring efforts as adviser to "Roman Holiday." Although this is your first year with us, Mr. Brown, you did not hesitate to offer your services to help with the decorations for the Prom and Banquet. Miss Thistle, you took charge of the theme and publicity committee for "Seismic Turbulence," adult patrons of "Manhattan Melody," and student patrons of "The Many Loves of Dobie Gillis."

To all our advisers, and especially to you, Miss Audrey Rain, we express our heartfelt thanks for making these past three years the most memorable of our lives.

"No one is too old to learn, and I think I have learned a great deal just by being with you these past three years . . . somehow I feel just as much a part of the class as you do. I was fortunate to advise a class that bubbled with spirit; you were fortunate to be part of a school that provided excellent educational opportunities and a variety of extra-curricular activities. My only wish is that you salute the future with faith and confidence. May the good Lord bless and keep you . . . till we meet again."

In our three years at Malden High School the Class of 1964 has earned marks of distinction in many areas. We have gained this success not by chance, but through the ambition, ability, and drive of the 625 members of our class. We have set precedents for future classes to equal and records that will last for years. We have shown a great potential, but only we can change this potential into greater achievements

Tom

That the six officers and thirty senior council members of the Class of 1964 possess efficiency and capability was demonstrated in 1962 by "Dutch Delight," which started the new sophomore class on its road to fame for terrific social events. The 1962 football season was ushered in with "Seismic Turbulence" where history was made, because for the first time a junior, Carol Trabucco, was crowned Queen of the Golden Tornado. In the spring of 1963, "Manhattan Melody" broke all previous records when it played to a standing room-only audience. December 1963 found the Jenkins Auditorium swirling in a winter wonderland of laughter, resounding applause, and countless curtain calls; all to reward the efforts of the cast in

"The Man Loves of Dobie Gillis." As Graduation drew near, the partially sad, partially happy seniors danced their last dance on May 1, at "Roman Holiday." With the Senior Banquet ended three years of fun and learning; all to be carefully put away in our special chest of treasured memories

SPARKLE AND COLOR—The students enjoyed the Senior Kirk Off Day. The talented M.H.S. made the night sparkle with the music.

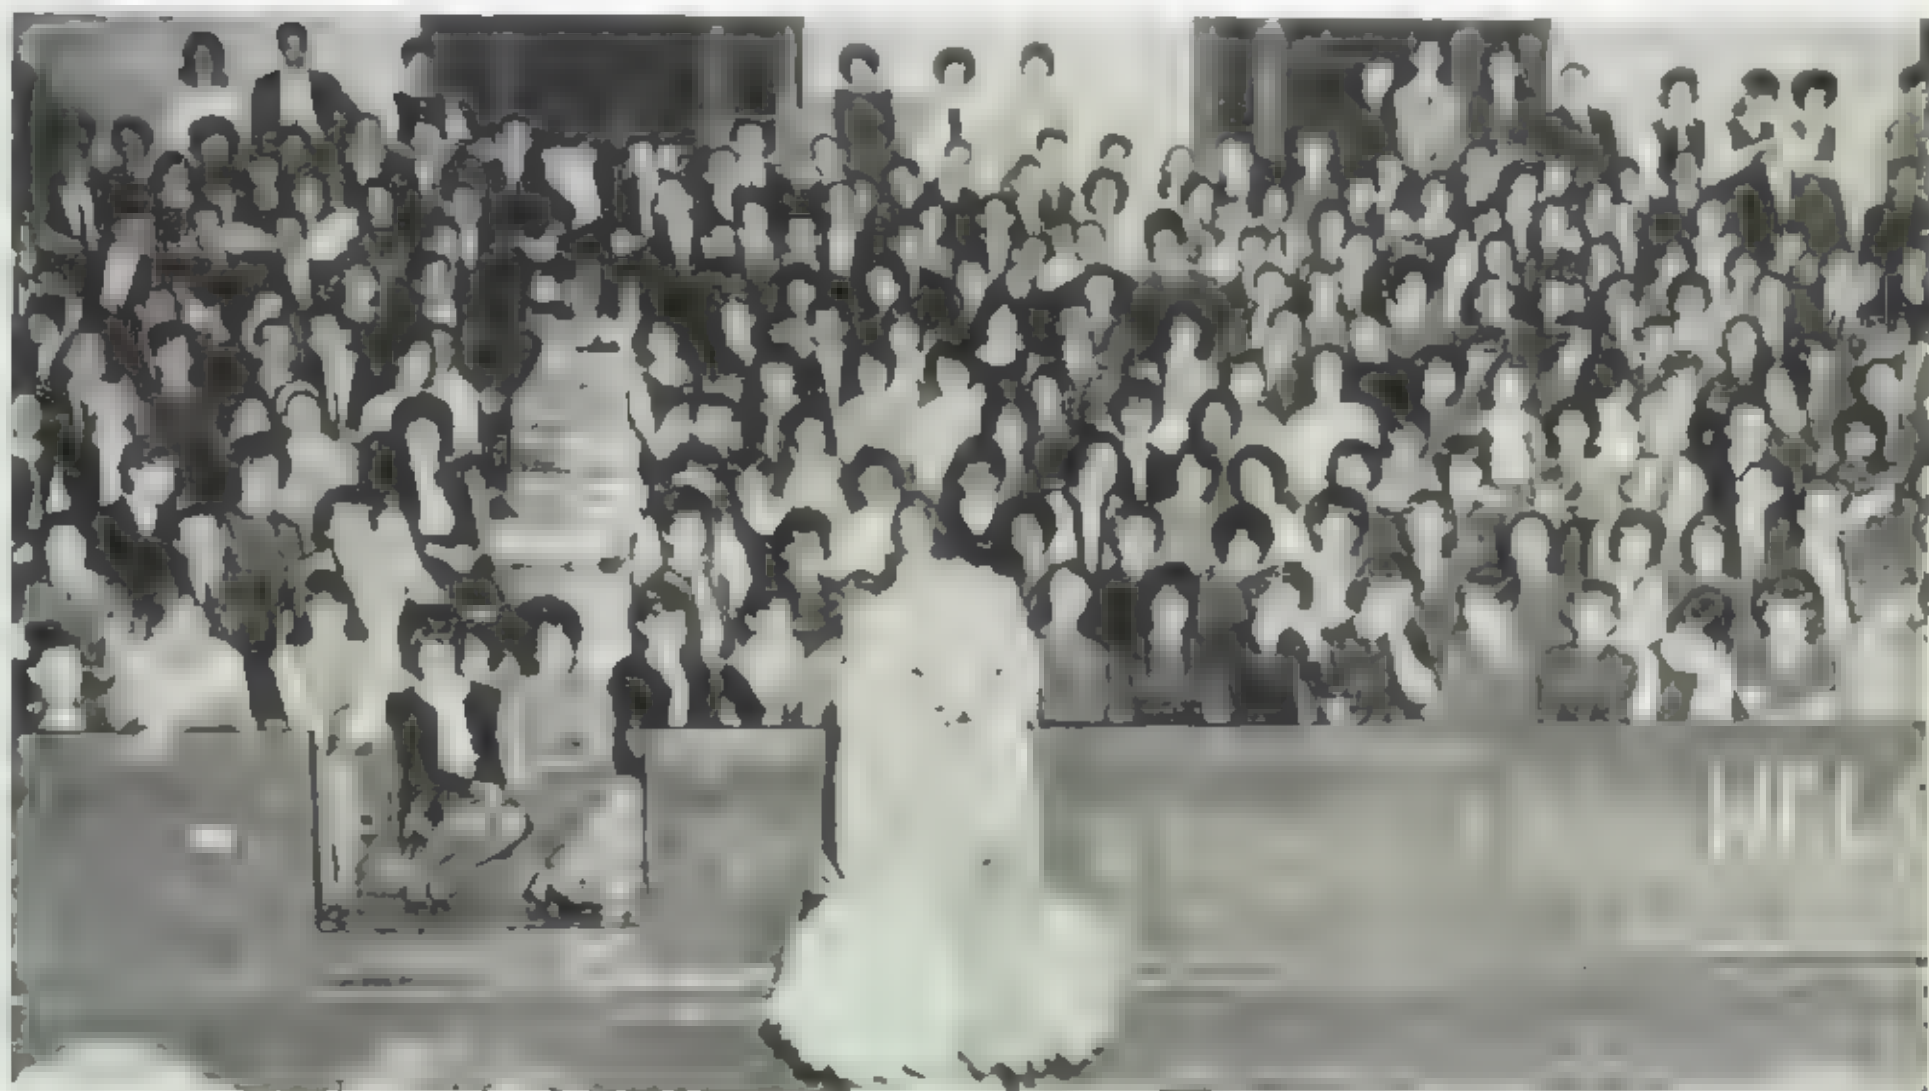

"Countdown To Victory"

At eight o'clock on the evening of September 13, 1963, over five hundred happy students flocked to the Marshall Gymnasium where the Class of 1964 sponsored the "Countdown to Victory" dance to initiate Malden High's athletic season. Advised by Mr. Anthony Guarino, Co-chairman Joanne Assetta and Eugene Lorino welcomed the enthusiastic crowd to the first social event of the year. The entertainment, Carole Barthelmess and Nancy Hall directed the high stepping M.H.S. majorettes in a tricky routine. Next Nancy Foley and the energetic cheerleaders led the crowd in resounding cheers. Under the Arc of Triumph formed by these two groups, Head coach Mr. Edward Melanson introduced the 1963 Golden Tornado football team. Joanne Vartanian, dressed as Nedlam, our frolicsome lion mascot, was the surprise hit of the evening. At the evening's end, the Senior Class had reason to be proud. Repeating their consistent pattern, the class again had sponsored a success both socially and financially.

CO-CHAIRMEN Joanne Assetta and Eugene Lorino, look on with satisfaction at the large attendance at the dance "Countdown to Victory" sponsored by the Class of 1964.

WHO WILL REIGN AS QUEEN???

On February 15 Vocational High held its thirteenth annual Valentine Dance under the chairmanship of Steven Landers and Steven Nici, and advised by Mr. Richard Morris, Mr. Roland Cerny and Mr. Chauncey Cragdon. The evening began at 8:00 P.M. as couples slipped into their formal attire. We danced the night away to the smooth music of Billy Radd and listened to the melodious singing of Nils Belliveau until the hands of the clock reached the magic hour of ten. At this point, we crowded into the bleachers to be entertained by the peppy vocational cheerleaders led by Roberta

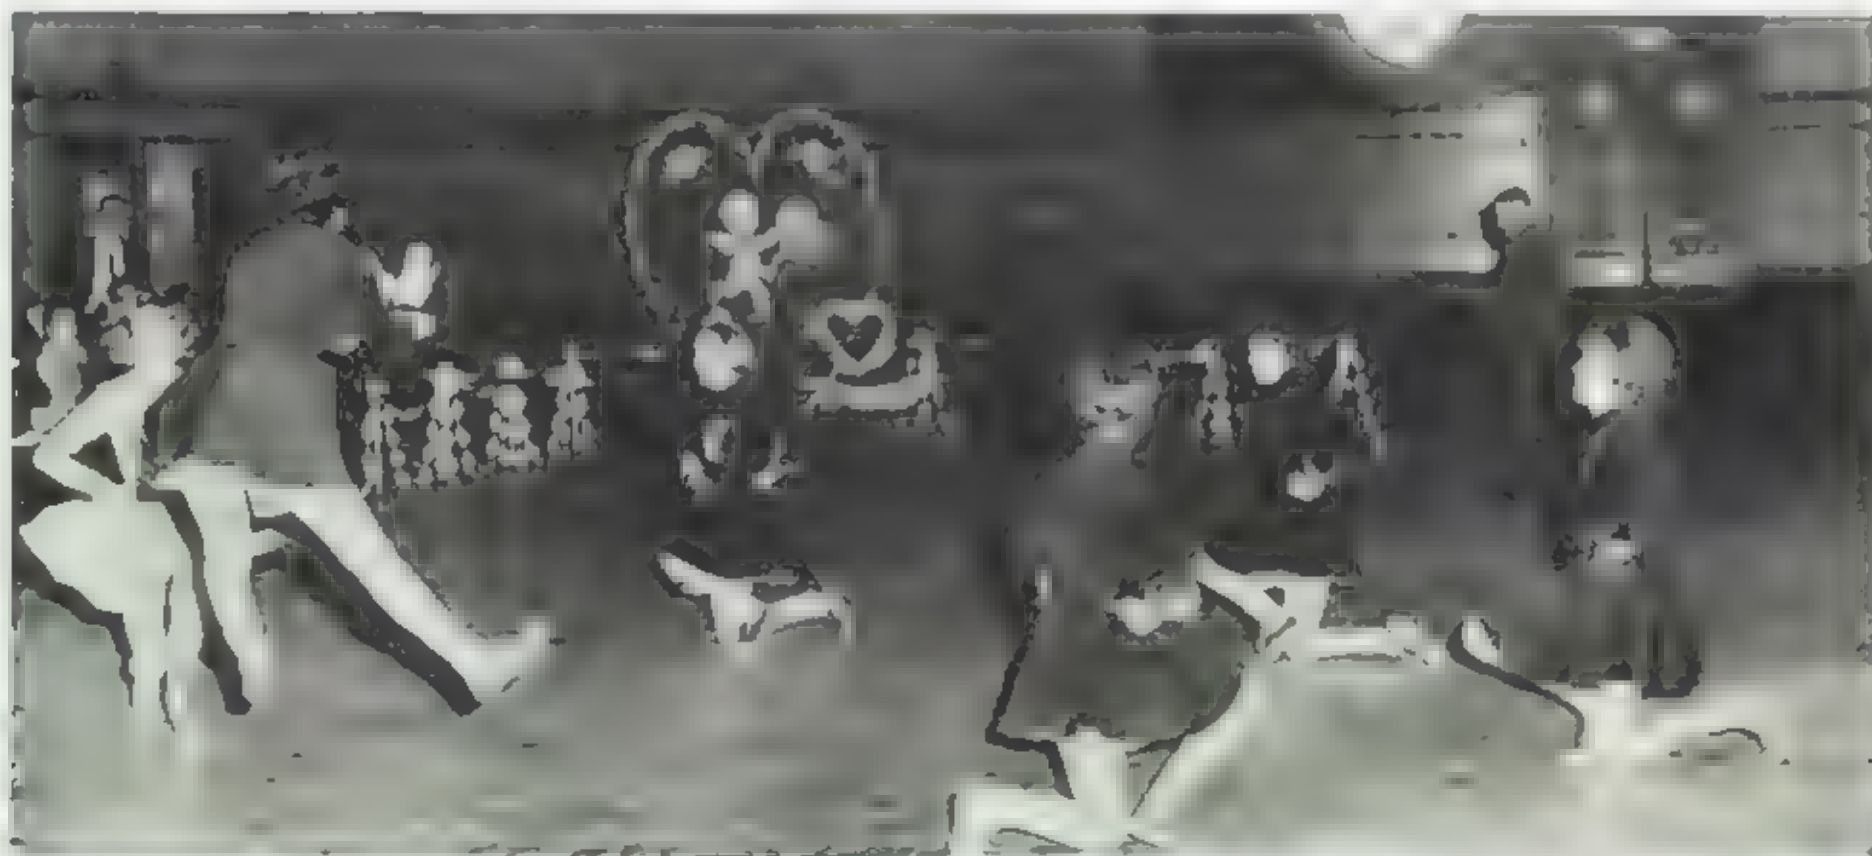

Sherrill Lawlor and Susan Powell. As the clock struck 10:30 P.M. a rush to the bleachers. Sherrill Lawlor, last year's queen placed the lovely crown, created by Doris De Bontis on the head of the surprised new queen, Susan Winters. Then the judges, Mr. and Mrs. Paul Dodier, Mr. and Mrs. John Carley and Mr. and Mrs. George Lawlor, chose Nancy Little, Carmela Cerny, Maryline Hanlan and Rosemary Kier as members of the queen's court. Alas, the exciting night drew to a close, and the co-chairmen and advisers bid a farewell to all.

For the thirteenth year...

Our Seniors Receive Recognition

STANDING AROUND THE LIGHTED TORCH, the symbol of National Honor, are the four speakers of the program. Donna Campbell spoke on Character, Jane Bougess on Service, Thomas Cosgrove on Leadership, and David Cook on Scholarship.

At a school assembly in the Jenkins Auditorium on Tuesday morning, March 17, thirty-eight seniors were inducted into the John W. Hutchins Chapter of the National Honor Society, in the presence of family and friends. These outstanding students, who were chosen from the upper quarter of all the students in the senior class, were judged on the basis of the four qualities of the National Honor Society — scholarship, leadership, service, and character. Extending warm greetings to the audience, Henry Erelli, master of ceremonies, introduced the four speakers who told the four stories behind each of the four letters of the National Honor Society emblem. Donna Campbell spoke on Character, Jane Bougess on Service, Thomas Cosgrove on Leadership, and David Cook on Scholarship. At the close of the speeches, Mr. Webster administered the oath which the initiates repeated in unison — "I, _____, pledge myself to uphold the high purposes of the National Honor Society to which I have been elected striving in every way, by word and deed, to make its ideals the ideals of my school." Miss Edna E. Turkington, who was responsible for the entire assembly, then assisted Mr. Webster in presenting membership cards and pins to each of the initiates.

Harding, D. Moore, S. Peltzman, R. Breed, M. Gordon, A. Mass, B. Gordon, D. Murphy, S. Galat, and P. Smith.

ANGEL TORRES AND DONALD DEBARADINIS were elected by the students of Malden High School and Milton Vocational High School to represent the schools at Student Government Day.

SARA ELZER, a talented member of the senior class, was featured at a concert given by the local War Veterans in February for the excellent qualities which make her a good citizen.

Stage Band

The Orchestra consisting of twelve strings, nine woodwinds, eight brass, four percussion, and a reserve force of six pianists, has shown the results of its daily practice during first period in the Music Room. Under the direction of Mr. Irving Schein, these thirty nine talented musicians have performed for the school on several occasions, including the Christmas Assembly and the Operetta. The highlight of their season was the annual Orchestra Concert presented on January 31, 1964 when they played a variety of songs ranging from "Variations on a Theme by Handel" to high lights from the popular musical, "Bye Bye Birdie." Also included in this entertaining program were "Clare de Lune," a piano solo by Bryna Toder, and "Polonaise," a violin solo by Bonnie Gabowitz, accompanied on the piano by Frank Aronson. Not limiting their audience to only M.H.S. students and faculty, they performed at the three junior high schools and at our second annual Parents' Night. Orchestra officers include Charles Vatalaro, manager, Jean Morgan, secretary, and Bryna Toder, librarian. If you have ever been in school between two and three o'clock on a Friday afternoon and thought you heard the sound of the Tommy Dorsey Band coming from the Music Room, it was not all in your imagination. What you heard was a rehearsal of the Stage Band, our new instrumental organization, under the direction of Mr. Schein. This group of sixteen musicians toured the junior highs with the orchestra and held an assembly for the high school in February. Judging by their successful first season, we are eagerly looking forward to future years.

"WE'VE GOT RHYTHM WE'VE GOT MUSIC" is a real characteristic of the newly formed Stage Band. Practicing at their weekly Friday rehearsal, the boys go over "Lullaby of Birdland," "Mack the Knife" and "Mountain Greenery," just a few of the highlights of the February 14 concert, which was presented for the sophomores.

Voces ranging from the loudest bass to the highest soprano ring forth from the Music Room during the daily "S" period rehearsals. Directed by Mrs. Patricia Tamagini, the new vocal conductor, the choral groups have undergone various changes. Both the MacDowell and Schubert Clubs have tripled in number. Formerly the Choral Art Group consisted of the select singers of the junior and senior classes; now sophomores, as well, may try out for the group. As a special concert group, the Chamber Singers were formed. This small group of sixteen gave concerts at the Old Age Home, Rotary Club, the Nazarene Church, and at Salem State Teachers College. Mrs. Tamagini has been awarded several scholarships to Tanglewood where she has studied extensively and has participated in musicals throughout the U.S. Between Mrs. Tamagini's interest and enthusiasm and the students' cooperation and hard work, the choral groups have pleased not only the student body, but all those for whom they gave concerts.

HALLELUJAH SING THE COMBINED VOICES OF THE FOUR CHORAL GROUPS WITH THEIR USUAL CHRISTMAS SPIRIT

THE FIRST FORMAL CONCERT was presented to the public by the musical organizations including Chorus, Art Music, and the newly formed Chorus Singers on Wednesday evening, December 18, 1958, in the Jenkins Auditorium.

STUDENT CO-CHAIRMEN, Maureen Buckley and Richard Jones, welcome the students and faculty to the annual Christmas Assembly.

Tramp, Tramp, Tramp, the Band

One hundred and forty strong, the Band adds spirit to the football games and Thanksgiving Rally and adds solemnity to the Memorial and Veterans' Day Parades. Besides the usual marches, the Band plays for popular entertainment a representative category of music from all periods. This music ranges from the classical and romantic periods to today's contemporary music. With Mr. Patrick Melchionda, Dr. Herbert Silverman, director of music in the Malden schools conducts the Band. First period every day and an additional two hour rehearsal on Wednesday nights are devoted to practicing and rehearsing. It is stressed that the Band members learn to appreciate the music as well as to learn how to play an instrument. The Band officers, including Philip Ginn, president, Erle Hernandez, vice president; Nancy Hall, secretary; and Jeffrey Sandler, treasurer, are given the opportunity to conduct the band throughout the year. The Band parents, with Mr. Henry Gordon as president, are an important asset to the Band. At football games they pass out hot cocoa to warm up the players. As a finale to the Band's hectic schedule, the Band Parents help organize T- Day, a fund raising event for their annual Spring trip. This concert is given in a different section of New England each year.

"BOOLAH BOOLAH" and other spirit songs ring out at our football games. The band is provided with a special place at the game. The Band is a great asset to all our football games and parades. The Band is a great asset to all our football games and parades. Quincy, Weymouth, Somerville, Everett and Medford games.

LIT Celebrates Its 92nd Birthday

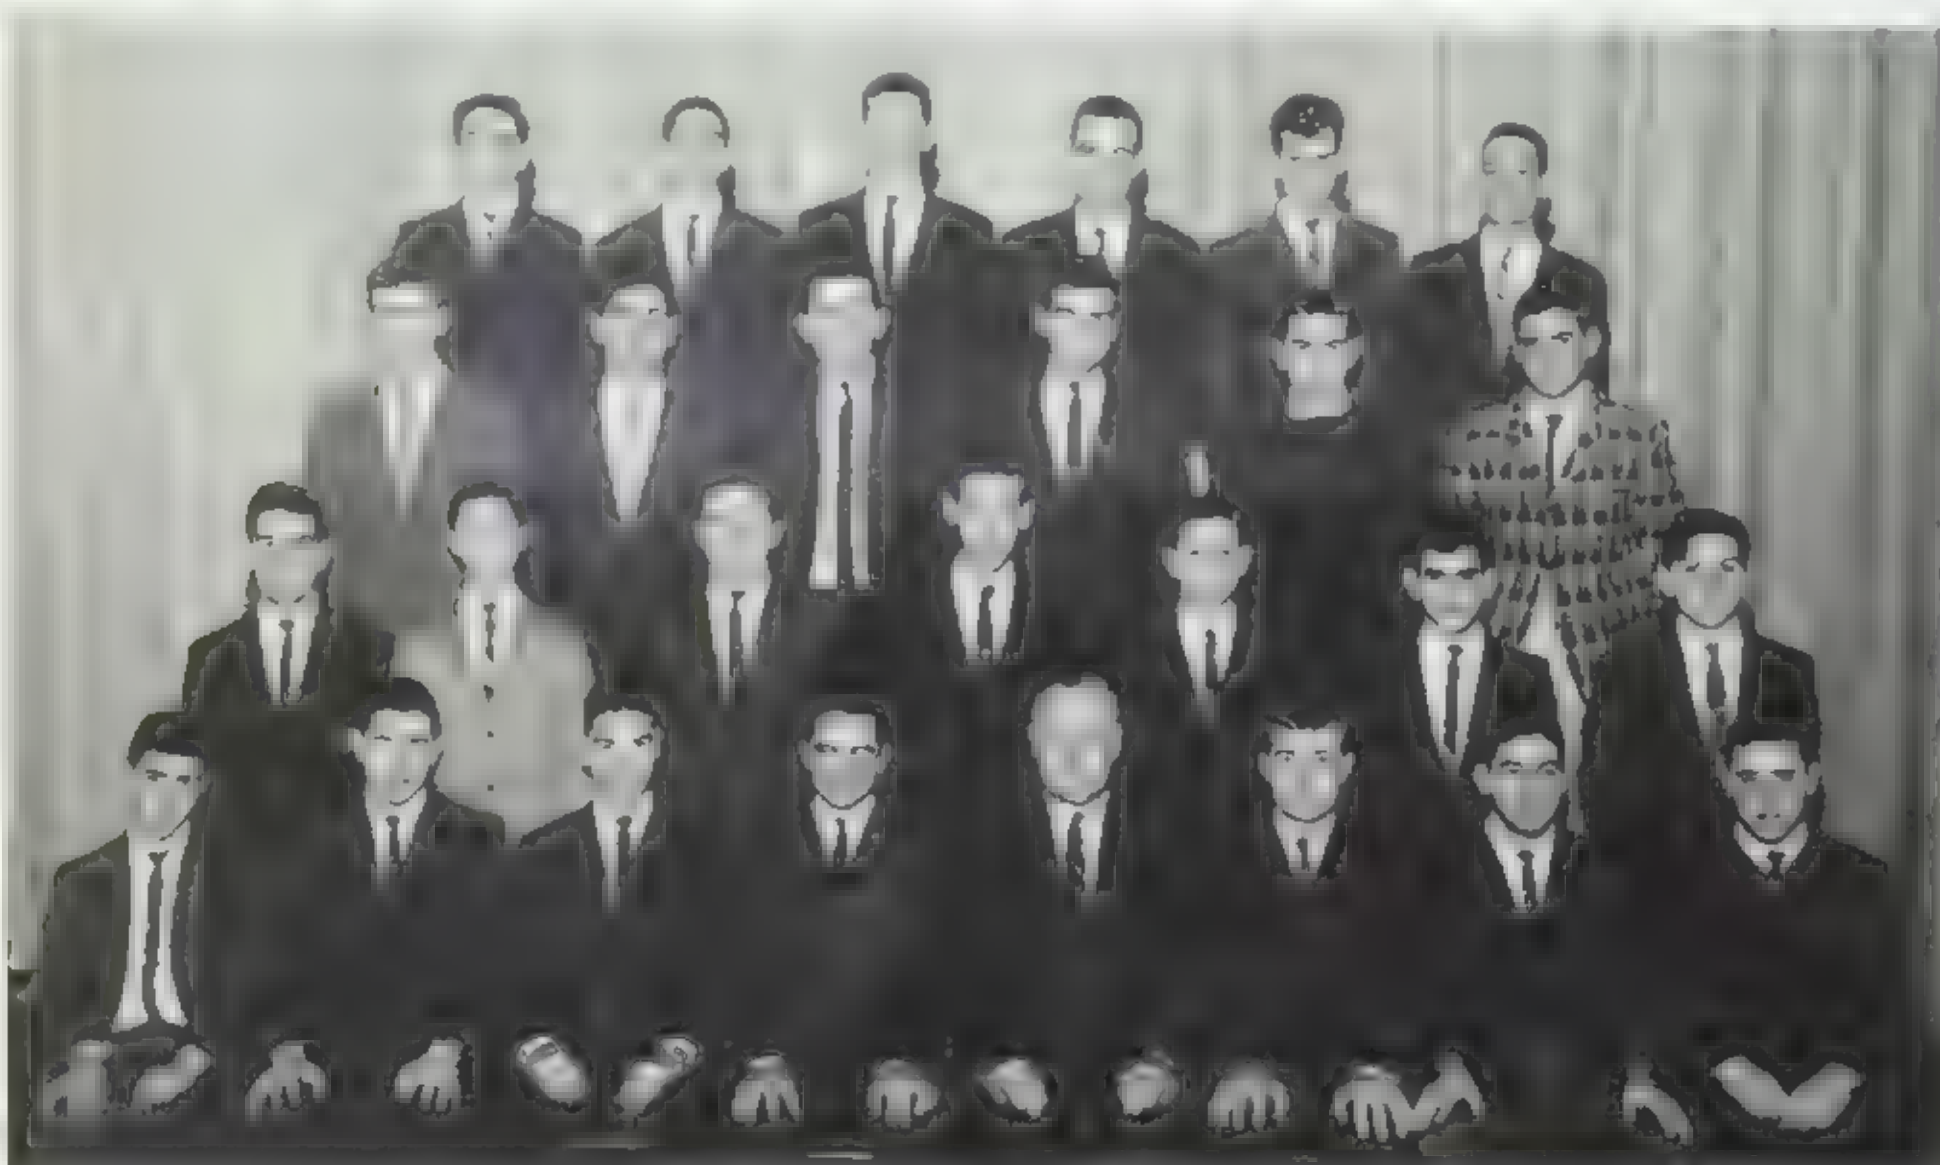

GUEST SPEAKER AT THE ANNUAL LIT BANQUET, Mr. Harlan Campbell, a past member of Lit, spoke to the boys about S.A.C.E. a ~~service~~ ~~achievement~~ in Bangor Maine. Seated at the head table are Richard Allen, Major Joseph Allen, Thomas F. Cosgrove, Sr., Thomas Cosgrove, Jr. vice president of Lit, and Bruce MacEachern, president.

The Literary Society, now in its 92nd year, has for a purpose the enrichment of the lives of its members. It offers them the opportunity to engage in intellectual, athletic, and social pursuits and encourages school service. The club, led by Bruce MacEachern, president, meets bi-monthly in Room 18. Annually the boys battle Cog in football, basketball, and baseball games, but this year they were unable to hold the football game because of bad weather. To serve M.H.S. Lit members sold milk at lunch time and ushered at graduation. The club awards the Frank A. Bayard Book Prize for excellence in History and English at the Senior Banquet, and for the last two years has sponsored the Inter Club Bowl, held this year on March 17. Their club event is the banquet which was held on November 30 in the Music Room under the chairmanship of Thomas Cosgrove, Jr. Head table guests included Nelson Allen, his sons Richard and Major Joseph Allen, Thomas Cosgrove, Sr., and Harlan Campbell, the guest speaker. The gentlemen, all former members of Lit, enjoyed a delicious dinner and revived many memories of their days at M.H.S.

THE LITERARY SOCIETY members who present the Frank A. Bayard Book Prize for excellence in English and History to a deserving student at the Senior Banquet are Row I: B. Casper, R. The Cognoscenda Causa Society, which meets every other Friday under the able supervision of Mr. Anthony Guarino, began as a debating club over forty years ago. Each year the new members are invited into the club, which is an English honor society, on the basis of their junior high school scholastic record. On March 17, Cog teamed up with C.A.M. against Usona in the College Bowl, held every year in the Music Room. In the Jenkins Auditorium on January 3 the club sponsored the David M. Katz Memorial Prize Speaking Contest, with Alan Mass and Jeffrey Sandler as co-chairmen. Alan, who took charge of the book, was responsible for the money . . . in the Cog scholarship fund, from which a \$50 scholarship is presented to a deserving boy a graduation. During the Christmas vacation the club had the pleasure of seeing the motion picture "Lord of the Dances" and later on in the year enjoyed a skating trip to Breakheart Recreation on December 29. Both events included Usona, and C.A.M. In May, the boys brought another year to a close with the annual Cog banquet.

BRIAN MISHARA, first prize winner of the nineteenth annual David M. Katz Memorial Prize Speaking Contest, proudly stands in the winners' circle. Sharing in Brian's delight are Alan Mass, co-chairman of the evening; Dr. Bowman; Brian Mishara, Ellen Marner, second prize winner; M. . . . Mrs. Levina . . . Under the leadership of Rosemary Breed, president, and Miss Barbara Holden, adviser, U.S.O.N.A. girls have gained deep satisfaction by upholding the principles of the society symbolized in the name U.S.O.N.A.; understanding, service, optimism, nobility, and attainment. As a community service, the girls sponsored the March of Dimes drive and featured a benefit basketball game between the girls' and boys' varsity teams. The boys' team, despite the handicap of wearing boxing gloves, was victorious. From this game, over \$500 was realized for the drive.

On October 24 the club members attended the movie, "Lord of the Flies," along with CAM, COG and Lit. During the Christmas season, with Lit, they sang at several nursing homes in the West End. On February 28 fifteen new members were initiated in the Music Room. The Kernwood Restaurant was the scene of their annual banquet on April 8. To the highest ranking senior girl in English, they awarded a book each year at the Senior Banquet.

They are responsible for all the decorations at many school functions, as was seen by the lovely decorations which adorned the Marshall Gymnasium last night. This year the boys did volunteer work at the Malden Hospital, where they escorted patients to their rooms and helped in the stock room. A trophy is presented to the member who has done the most for the advancement of the club. At graduation they plan to give a savings bond to the best all-around student in Vocational High.

Hy-Teens Raise Funds For Y.W.C.A.

Established in 1960, the Hy-Teens have attempted to grow in the brotherhood of mankind and the knowledge and love of God. Under the direction of Mrs. Grace Ramsdell at Malden High and Mrs. Marjorie Wilson at the Y.W.C.A., the Hy-Teens have reached for that goal through their various activities. The girls, led by Katherine Vassallo, president, have given aid to the Home for Little Wanderers and the Home for the Aged and contributed decorations for the Red Feather banquet. In October they enjoyed a Halloween party at the Y.W.C.A. The members have also participated in athletic activities such as bowling and roller skating. In June the Hy-Teens held a "street fair" where they sold a number of items which they made themselves for the benefit of the Y.W.C.A. At the end of each year the Hy-Teens select their best raising student.

SHOWING OFF THEIR HANDICRAFT — Hy-Teens members will display their handcrafted items at the Y.W.C.A. "Street Fair" on June 1st. The Hy-Teens will also serve a hot meal and supper at St. Paul Church on June 2nd for the Malden Y.W.C.A.

THE BLUE AND GOLD CIRCULATION STAFF distributes our school newspaper to all our rooms. These very young ladies are in charge of subscriptions. This year through their tireless effort, more copies were sold than ever before.

ASSOCIATE EDITORS JUDY NIWLANDER AND MAXINE TAYMORE help to finish up with the last proof of the school year.

Throughout the Year.

Good newspapers always stir up excitement among the curious minded and the *Blue and Gold*. Malden High's popular publication, is no exception. News travels fast, and on B & G Day everyone is eager to read the latest "scoop".

When the stories are written, the pictures taken and the paper's on the press, the editors and the staff in breathing a sigh of relief. The *Blue and Gold* again the never-ending cycle, for there are more stories to write, layouts to plan, and assignments for unsuspecting staff members, but a well informed student body is a happy student body and at Malden High the *Blue and Gold* is the informant.

All their time is not devoted to rounding up news however, for their industrious crew also sponsors the Blue and Gold Rally, the annual assembly for our Thanksgiving day class.

Wrinkled sheets of paper, stubs of pencils, waste baskets full of un-used notes and tired staff members are not all that remain after each month of selling, picture-taking, writing, rewriting, and re-writing. For there's our tangible reward, the 1964 editions of the *Blue and Gold*, our award winning school newspaper.

LAYOUT EDITORS ROBERT MESSENGER AND RICHARD WEISSBERG revise the blueprints for the Student Guide. Each year many sophomores as well as upperclassmen are getting into a good deal of editing.

Student Guide and Lion

The Student Guide, a handy and worthwhile book for all students, especially for sophomores, was created this year by Helen Santomango and her efficient staff of editors: Martha Gabrielson, Paula Molinari, Donna Fournier, Robert Messenger, and Richard Weiss. With the more complete and easy to follow floor plans of M.H.S. which Robert Messenger and Richard Weiss drew, one can readily locate any spot he desires. Now this year in the Student Guide is information concerning college board examinations, graduation requirements, and our box lunch system. There are also three interesting pages giving information about all of our prominent M.H.S. organizations. As in previous years, the Student Guide includes a complete list of school personnel, the schedules of major school events, and the high school assemblies.

From 1935 until 1961 the responsibility of editing the Sophomore Guide was given to Hi-Y under the guidance of Mr. Brookes. In 1961 Linda Gallant, assisted by Miss Mary E. Heald, Mr. Clarke R. Brookes, Mr. Carl Taylor, and Mrs. Mary D. Carney of the Hi-Y, became the first student editor of this pamphlet. At Mr. Webster's suggestion, this newly revised Sophomore Guide became the Student Guide. An informative booklet used by all students as well as by teachers, over 2000 copies were handed out.

EDITOR HELEN SANTOMANGO looks on while two of her five staff members plan layouts for the 1963-64 edition of the Student Guide. The girls examining directories from other high schools in this area are Donna Fournier and Paula Molinari. In assisting with the creation of the Student Guide, Miss Mary E. Heald, the staff of Hi-Y, has been instrumental with previous editions, but also added several new, informative sections to the booklet.

Expand to Greater Heights

The *Lion*, Malden High's literary magazine, gives students the opportunity to publish their best literary materials published so that they can be read by the school from them. Six years ago the first issue, a 16-page mimeographed booklet, was published under the direction of Mr. Marshall G. Pratt. It was a literary club under the sponsorship of Mr. John O'Brien at the time. Since then, under the direction of Mr. Belmonte, the *Lion* has published 10 issues, the first issue being nearly four times the original size. Any student in the school can submit his work to Room 215 for consideration by Editor Brian Mishara and his staff. The magazine contains essays, poems, and short stories, both serious and humorous. Depending on patron subscription, the *Lion* staff is constantly devising new ways to further the magazine. This year, on the stage of the Jackson Auditorium the *Lion* held a book fair which sold over 100 different titles. This sale was successful and has been continued in the Distributive Education room, with each of these departments an equal share of the profits. A committee of students selected Frank Christy as the *Lion* editor for two forthcoming years. The Malden Y.M.C.A. Representatives from this magazine annually attend the Columbia Conference, where this year the *Lion* received a second place rating.

PASSING was one of the four offensive thrusts that the Tornadoes had this season. Coach Melanson was helped with the line quarterbacks, Dick Harris and Bill Perry, who showed tremendous passing and running ability during the season.

THE GOLDEN TORNADOES," head coached by Edward Melanson and captained by Bill Perry played the 1963 season without a home field; since Pearl Street Stadium was being resurfaced. Although the Melanson men were indeed hampered by this, they still proved to be strong opponents to their foes. They opened the season by trouncing Waltham 34-0. Senior quarterback Dick Harris passed for two touchdowns and halfback Bill Perry ran for two more. Senior Bill Gouvaloris also added to the scoring by rolling 41 yards for a touchdown. The Malden defense sparkled as they intercepted two Waltham passes.

In the second game of the season, upset-minded Malden journeyed to Haverhill to meet the powerful Hillies. In a game which was highlighted by the outstanding Haverhill defense, a fighting Malden team fell short 16-0. As the season progressed, the Melanson men were defeated by Ringe Tech 22-12. The following week the Golden Tornadoes won their first G.B.L. game of the season by crushing Quincy 26-0 and then edged Watertown 12-6 in a real thriller. The Tornadoes fell to the hands of Chelsea 12-8 in a game which saw Malden fight to the final whistle, only to be held by the Chelsea line. Because of the death of the President of the United States, Mr. John F. Kennedy, the game with Somerville High School on November 23 was cancelled. Although the Melansonmen were defeated 14-8 by the powerful Crimson Tide of Everett, the Tornadoes played an inspired game and stopped the Everett thrust into the fourth quarter. A crushing Malden defense recovered five Crimson fumbles during the course of the game. And thus ended a season of four wins and four losses.

RECEIVING a pass during the Quincy game was end, R. Lee Fisher. The Melanson men had two excellent ends in Forbes and Paul Finn.

"GO MALDEN BEAT MEDFORD." is the cry of the faculty at the 15th annual Blue and Gold Rally, and the students enthusiastically contributed to the festivity.

"GIVE ME AN M!" shouts vivacious Susan Winters at the Blue and Gold Rally. Also leading the victory cheers are David Cook and Robert Baker, Blue and Gold sports editors.

MASTERS OF CEREMONIES AT THE 15th FOOTBALL RALLY held in the Jenkins Auditorium were the Blue and Gold sports editors, Robert Baker and David Cook. Coach Eddie Melanson proudly led his Tornadoes onto the stage as the pretty majorettes and cheerleaders began their many cheers. Traditionally the rally let the students practice the cheers used at the Malden-Medford game on Thanksgiving Day. However, now it has become a symbol of school spirit and to many, a chance to demonstrate how loud they can cheer for their school. November 27th was no exception, for every second brought an ear shattering B-I-A-T Medford.

On this cloudy Thanksgiving Day, the hopes of the Golden Tornadoes were as bright as ever. This was the 75th Malden-Medford clash and this year Malden was eager to add to its 3-4 seasonal record. "Here they come!" shouted the cheerleaders, as the roaring Lions marched proudly onto the field. The first half was marked by the good defensive power of both teams. Malden was unable to penetrate the solid Mustang wall. Alas, the Medfordmen crashed through our defense and the score was Medford 6, Malden 0. Then the Mustangs broke out of their huddle and tried for the all important two points after. The mighty Melanson held their ground and Medford was stopped.

GIVE ME A BLOCK shouts George Samone as B. Burke and D. K. Harris rush in to stop the Marine defense men. The strong Marine offense one day

by last runners the necessary opening for Treadlo just was. In the last half the Lions burned the Mustangs' quarter back by stopping their two-point conversion.

THE FACES OF THESE MHS'ERS clearly tell the story of the victorious Golden Tornado in the 1963 Malden Medford game

The second half had begun and Malden knew they would have to fight their way back into the game. A staunch Malden defense held a powerful Medford scoreless during the remainder of the game. Early in the fourth quarter, Tornado defensive specialist George Baker intercepted a Mustang pass on the twelve yard line and galloped 88 yards for a Malden score. The all important two point conversion was successful and the Tornados held Medford to win 8-6.

A successful season completed, the students and faculty of M.H.S. attended the victory dance to enjoy the fine entertainment and to see Kathy Watkins crowned as "Queen of the Golden Tornado." As the night passed on, a feeling of contentment settled on the large crowd with the realization of another well played season and a well-deserved victory over Malden.

Golden Rods Take Met

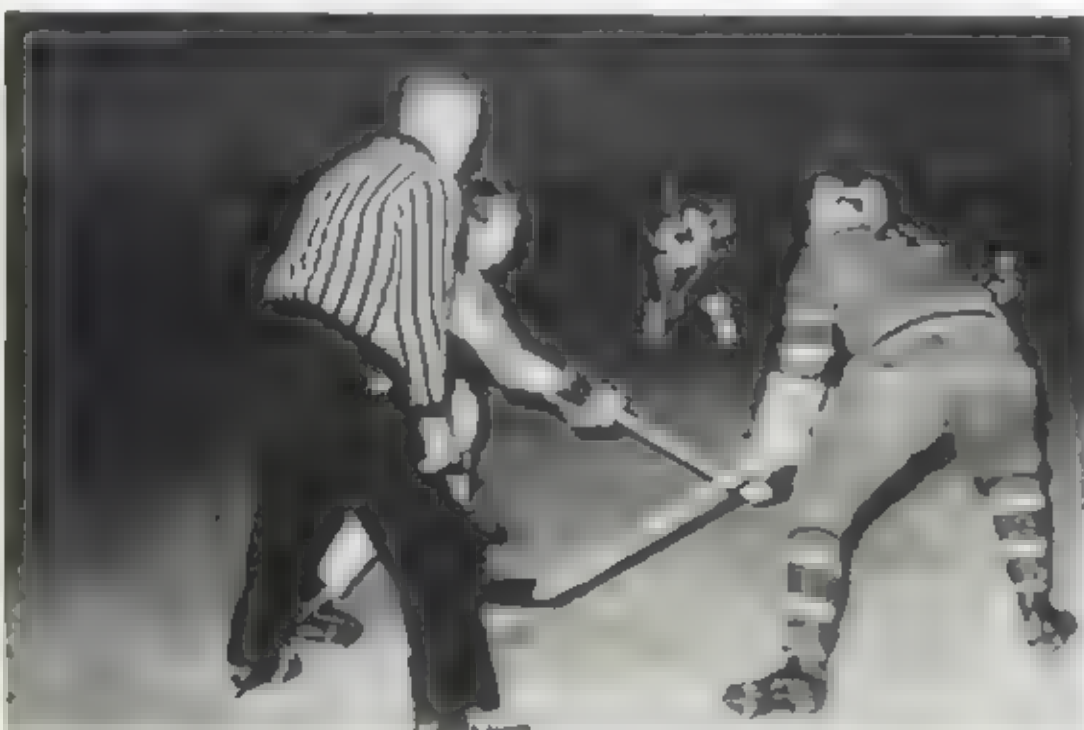

This year's hockey team, coached by Mr. Charles M. Gault, won the championship of the 1st Metropolitan League by compiling an outstanding 12-2 record. John Salmon, the league's leading scorer, entered the Goldenrod's high scoring line with Dave Panarello and Charlie Hanifan. The senior line of George Spadafora at center, Dickie Harris and Francis Sullivan playing superb back checking unit, and also a strong scoring line. Co-Captain Dick DeVoss, the league's All Star right defenseman, was the backbone of the team's success. Billy Perry and Ronnie Fales also played a vital defense in stymieing the opposing forwards, while goalie Willie Blais, the league's outstanding net-minder, proved to be nearly impenetrable. In the State Tourney, Malden and Waltham played a first overtime thriller, the second overtime, when Johnny Salmon blasted a 25 foot drive that cleanly beat the Waltham goalie. In their next game, another overtime thriller, Malden was downed 2-1 by Marblehead. Team spirit, determination, and hard work led the way for this year's tremendous record.

Malden can be proud of its fine rifle team which won eight games and only lost one 894-889 decision in the Middlesex Scholastic League. Leading the high scorers were Edward Johnson 181.7 and Peter Gallagher 179. The highest girls' average was achieved by Linda Dempsey, 169.6. Averaging 899.1, the M.H.S. shooters set a League record of 927 when they played against Bedford on March 18, 1964. Malden outscored their opponents 7,194 to 6,747. The Rifle Club is located on the fourth floor next to the Maldonian room. Under the new leadership of Mr. John L. Carroll, the club rooms were freshly painted and have remained in top condition throughout the year. The 1963 G.B.L. Champion Malden High School basketball team finished the 63-64 season with a fantastic 15-1 record, once defeated in league play. The Golden Hoopsters rolled to the G.B.L. crown compiling a 15-1 record, once games ahead of the closest rival. Combining excellent shooting with a tough defense enabled the Hoopsters to be so successful. In the shooting department they were not out-classed by any team in Eastern Massachusetts. The well balanced attack proved too much for Tornado opponents. High scorers for the season were forward Rod Forbes with 18.5 points per game and center Angel Torres with 18.5. Averaging 14.0 and 15.0 respectively, Captains Dave Barris and Ira Mahakian combined in the back court to mystify opposing players. The so-called "fifth" man was big Pat Gillen or Junior Paul Finn. Coach Art Boyle had a fine bench which he called upon in several games. Defensively, the hoopsters shone equally as bright as they constantly harassed rival players. The leading defensive ace was co-captain Ira Mahakian as he drove M.H.S. opponents wild with his cat-like speedy moves at the basketball. In all the season was one of the most successful in M.H.S. sports history and the hoopsters went on to greater honors in the Tech Tourney.

DRIVING THROUGH THREE PLAYERS Co-captain, and high scorer, Ed Langille adds two more points in a well played Malden victory

The Vocational Basketball Team, under Coach Rick Sapienza, was hampered by inexperience, but gained a reputation as strong second half finishers. Even when playing taller teams, their desire helped them to overcome many disadvantages and kept them fighting. Three games were won by two points, all on baskets in the closing seconds by Ed Langille, and the Somerville game went into triple overtime.

High scorer Ed Langille with 182 points was able to hit from anywhere on the floor and provided much of the team's strength off the boards. Don DeBeradinis with 171 points was a classy shooter and good rebounder. Walter Wilson came through with many clutch hoops. Bill Forrest, Bob Cefaroli and Walter Wilson may seem small for defense but their hustle and team work usually paid off in a number of key steals and baskets.

With the addition of more height, Voke looks to improve on a 5-5 season next year.

OUR INDUSTRIOUS LEADERS, President Paul Earle and Vice-President Kathy Watkins, pause from their busy schedules to pose for the Maldonian cameraman

To begin the new school year the exciting class elections took place. Almost the same slate of officers was re-elected. Paul Earle, president; Kathy Watkins, vice-president; Pamela Menard, secretary; Barbara Tomasello, assistant secretary; Thelma Perrigo, treasurer; and Cathy Reddington, assistant treasurer

The evening of November 1 found Marshall Gym filled with students attending our very successful dance, "Harvest Holiday." Under the guidance of Mrs. Jane Willis and Co-chairmen Neil Tanger and Nancy McKinnon, the event turned out to be a great success

Ushering in the new year, 1964 were rehearsals for Junior Varieties directed by Miss Letty Russo. Although these rehearsals were tedious tasks, none were sorry after winning raves from the audience on March 20. "From Rags to Riches," under Co-chairmen Barbara Tomasello and Edward Devine proved to be one of the best Varieties yet

On May 22 the junior class sponsored a dance in the Marshall Gym to bid the Seniors farewell and wish them success in their future endeavors.

THE JUNIOR CLASS ADVISERS pause a moment for a short meeting. They are *Sitting*: Miss DeVito, Miss Corriveau, Mr. Meschino, Mrs. Willis, Mr. Luca. *Standing*: Mr. Pasanen, Mrs. Howeller, Miss Kistler, and Mr. Sacco.

1963 Tornado Queen, Kathy Watkins

On November 1, 1963, the Class of 1965 presented their annual dance, "Harvest Holiday." Under the able guidance of the dance adviser, Mrs. Jane Willis and Co-chairmen Nancy McKinnon and Neil Tanger the affair proved to be very successful. Those who attended the party were delighted with the entertainment of the folk singers, Sharyn Thur, Marshall Kaufman, and Ann Grossman. Marsha Jones, Susan Clarey and Marsha Kabaschnick also entertained the spectators with a jazz dance. Lending their vocal talents were Ellen Kates and Rechelle Vinack. At the conclusion of this entertainment, Mr. Boyle announced the new queen of the Golden Tornado and her court. Kathy Watkins, a junior, was voted Queen by the patrons of the dance. This is the second consecutive year that a junior has broken the tradition and become the queen. The attractive members of her court included Pam Menard, Donna Coffey, Kathy Morando, Nancy McKinnon, Janice Repucci, Lourene Burgess, Nancy Foley, Marsha Jones, and Frances Connolly.

The Class of '66 Gets Ready For a Successful Stay At

BEGINNING THEIR FIRST TERM IN OFFICE are Dot Danca, vice president, Jim Tuxbury, president, Kathy Barriss, treasurer, Donna Superior, assistant treasurer, Barbara Talanian, assistant secretary, and Pat Migliore, secretary.

On September 4 the Class of '66 held their first class meeting in the Jenkins Auditorium to begin the school year. Later the temporary officers, Paul Zabnick and Paul DiPietro presided over the council under the guidance of Mr. Charles Rossiter and his fellow advisers. First on the agenda were the class elections. Paul Zabnick who acted as committee chairman of the elections, made it possible for the usual procedures to run smoothly.

The class elections took on a rapid pace as the balloting began on February 4. Michael O'Brien and Percy Arnold, although not victors, certainly gave the winners stiff competition. The final tabulated results saw James Tuxbury, Dorothy Danca, Patricia Migliore, Barbara Talanian, Kathy Barriss, and Donna Superior setting the winning margin.

The responsibility of coordinating all class activities is assigned to its officers and advisers who are the backbone of the student body. With leaders such as these we are assured that this class will move onward to success.

THE CO-OPRATIVE SOPHOMORE ADVISERS are, *Sitting:* Mr. Rossiter, Head Adviser, Mrs. Carney, Mr. Stein, Mrs. McAlister, Mrs. Parker, Mr. Martin. *Standing:* Mr. Catron, Mr. Schwartz, Miss Levine, Mrs. Levant, Miss Mahoney, and Mr. Duffy.

PAT MIGLIORE reveals her qualifications for the office of secretary.

WITH NOTES IN HAND the sophomore candidates wait their turn to tell their purposes for office. The entire class met in the Jenkins, February 7, to hear their qualifications.

SOPHOMORE PERMANENT COUNCIL: *James Faust, Roy Curtis, Teresa Martha Ray, Mary Price, Patricia Miller, Marion Barnett, Margaret Doherty, Roberta Eckhoff, Jack Vining, Susan Woods, Virginia Ross, J. Frances Anderson, Barbara Ketcherick, Susan Graves, Iris Schenshein, Ralph Hoyt, Dan E.*

As our footprints come to an end...

We Thank You Who Have Brought Us This Far

The paths which we have trodden through the year of 1964 have come to an end. Our footsteps have led us in various directions to the gathering of new material and to the snapping of many pictures. When our feet were tired and lagging behind, our advisers and fellow classmates urged us on. To those who contributed to the edition of the 1964 Maldonian, we render our grateful thanks.

TO THE ENTIRE ART STAFF who decorate for dances, design programs, and add a touch of glamour to all events, to you we express our gratitude

Rosie,
you're one of the
sweetest persons I know.
I've enjoyed our rather
short friendship greatly
and hope you'll always
remember me as I'll remember

Rosie certainly a lot
thinner at high school
than during our high school
years, New York, all
our banquets, Lincolnton.
I'm really happy a great
pleasure knowing you. I
dearly hope that all
will always keep in
touch after graduation.
Always remember you some
Love Charles

To Rose,
you are one of girls
I know. Always stay
as sweet as you are now.
I'm sure you will be
successful in everything you
do. I hope we will be
friends forever.
